

Master of Science in PHYSICS

September
2024
ADMISSION

Programme Highlights

- ▶ **A tradition of excellence since 1994**
We have been nurturing students who seek to deepen and broaden their understanding of physics for their further studies and career advancement in the past three decades.
- ▶ **Balanced learning activities**
Lectures, labs, guided studies, projects, presentations, and an option of a dissertation deliver both subject knowledge and transferable skills.
- ▶ **Design your own course selections to fit your interest, learning need and career plan with academic advice from your advisor.**
- ▶ **Outstanding achievements will be recognized by scholarships.**

Career Prospects

Education, research, industry and commerce, as well as further studies

Programme Structure

A coursework-based M.Sc. degree programme, in which students may enroll in credit-bearing Guided Study and Project courses to acquire both knowledge and hands-on research experiences in fundamental and applied physics. Students may also opt to work on a dissertation.

- ▶ **Study Modes and Duration**
Full-time: 1 year
Part-time: 2 years
- ▶ **Medium of Instruction**
English
- ▶ **Tuition Fee**
Full-time: HK\$120,000 per annum
Part-time: HK\$60,000 per annum

Application is open from
1 September 2023 to 15 May 2024
